## R E P O R T

[To accompany H. Res. \_\_]

The Committee on Rules, having had under consideration House Resolution\_\_\_\_, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

### SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 4745, the Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2015, under an open rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations. The resolution waives all points of order against consideration of the bill. The resolution waives points of order against provisions in the bill for failure to comply with clause 2 of rule XXI. The resolution provides that the bill shall be considered for amendment under the five-minute rule. The resolution authorizes the Chair to accord priority in recognition to Members who have pre-printed their amendments in the Congressional Record. The resolution

provides one motion to recommit with or without instructions.

Section 2 of the resolution provides for consideration of H.R. 4681, the Intelligence Authorization Act for Fiscal Years 2014 and 2015, under a structured rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Permanent Select Committee on Intelligence. The resolution waives all points of order against consideration of the bill. The resolution makes in order as original text for purpose of amendment an amendment in the nature of a substitute consisting of the text of Rules Committee Print 113-45 and provides that it shall be considered as read. The resolution waives all points of order against that amendment in the nature of a substitute. The resolution makes in order only those further amendments printed in this report and amendments en bloc described in the resolution. Provides that the amendments printed in this report may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The resolution waives all points of order against the amendments printed in this report or against amendments en bloc as described in the resolution. The resolution provides that it shall be in order at any time for the chair of the Permanent Select Committee on Intelligence or his designee to offer amendments en bloc consisting of amendments printed in this report not earlier disposed of. Amendments en bloc shall be considered as read, shall be debatable for 20 minutes equally divided and controlled by the chair and ranking minority member of the Permanent Select Committee on Intelligence or their designees, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The resolution provides one motion to recommit with or without instructions.

Section 3 of the resolution provides that on any legislative day during the period from June 2, 2014, through June 6, 2014: the Journal of the proceedings of the previous day shall be considered as approved; and the Chair may at any time declare the House adjourned to meet at a date and time to be announced by the Chair in declaring the adjournment.

Section 4 of the resolution provides that the Speaker may appoint Members to perform the duties of the Chair for the duration of the period addressed by section 3.

Section 5 of the resolution provides that the Committee on Appropriations may, at any time before 5 p.m. on Wednesday, June 4, 2014, file privileged reports to accompany measures making appropriations for the fiscal year ending September 30, 2015.

Section 6 of the rule provides that House Resolution 567 is amended to provide that the Chair of the Benghazi Select Committee may authorize travel consistent with other committees.

#### EXPLANATION OF WAIVERS

The waiver of all points of order against consideration of H.R. 4745 includes a waiver of clause 4(c) of rule XIII, which prohibits consideration of a general appropriations bill reported by the Committee on Appropriations from being considered in the House until the third calendar day on which

printed hearings of the Committee on Appropriations thereon have been available to Members.

The resolution includes a waiver of points of order against provisions in H.R. 4745 for failure to comply with clause 2 of rule XXI, which prohibits unauthorized appropriations or legislative provisions in an appropriations bill. This waiver is necessary because the bill contains unauthorized appropriations and legislative provisions.

Although the resolution waives all points of order against consideration of H.R. 4681, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

The waiver of all points of order against the amendment in the nature of a substitute to H.R. 4681 made in order as original text includes a waiver of Clause 7 of rule XVI, requiring that no motion or proposition on a subject different from that under consideration shall be admitted under color of amendment, because provisions contained in Rules Committee Print 113-45 are not germane to the bill as introduced.

Although the resolution waives all points of order against the amendments printed in this report or against amendments en bloc as described in the resolution, the Committee is not aware of any points of order. The waiver of all points of order is prophylactic in nature.

It is important to note that the estimate provided by the Congressional Budget Office (CBO) to the Permanent Select Committee on Intelligence and the Committee on the Budget is incomplete due to the fact that CBO is only permitted to score the unclassified portions of the bill. Because the estimate is incomplete, the Chair of the Committee on the Budget is unable to accurately advise the Chair on budget related points of order.
