

The Rules Committee Print makes the following changes to the bill as reported by the Committee on Agriculture.

(summaries of the modifications provided by the Committee on Natural Resources and the Committee on the Budget, respectively.)

### **Section 122- Consultation under the National Historic Preservation Act**

Strikes and replaces the existing historic preservation consultation provision in the bill with a more flexible, less prescriptive alternative for expediting reviews of forest management activities under the Act.

### **Adds Title XI- Disaster Relief and Wildlife Adjustment**

Allows appropriations into the Wildfire Suppression Operations Account (created by H.R. 2936) to be eligible for funding under the Disaster Cap adjustment.

Changes the current law Disaster Cap calculation (under BCA) and increases the Disaster Cap by:

- Including the current law appropriations designated as Disaster Relief in the fiscal year totals used to calculate the average.
- Including appropriations to the following wildfire accounts as part of the annual fiscal year totals used to calculate the average:
  - o USFS's Wildland Fire Management Account
  - o USFS's FLAME Account
  - o DOI's Wildland Fire Management Account
  - o DOI's FLAME Account
  - o Any non-emergency designated supplemental appropriations to the above-referenced accounts.
- Including 10% of all Emergency Appropriations for Disaster Relief in the fiscal year totals used to calculate the average.
