SUMMARY OF AMENDMENT IN PART A PROPOSED TO BE CONSIDERED AS ADOPTED

The amendment in the nature of a substitute would strike all after the enacting clause and insert a new matter consisting of the Budget Control Act of 2011 (BCA). The BCA would: establish ten year discretionary spending caps; provide for the passage of a balanced budget amendment to the Constitution; create a joint committee of Congress charged with making legislative recommendations to achieve additional spending reductions; increase the debt limit pursuant to a resolution of disapproval and enactment of a joint committee's recommendations; establish expedited procedures for consideration of a resolution of disapproval and for consideration of the joint committee's recommendations; and make changes to the Pell Grant program.

SUMMARY OF AMENDMENT IN PART B PROPOSED TO BE CONSIDERED AS ADOPTED

Would make technical changes to the amendment in the nature of substitute related to the timing of consideration of resolution of disapproval. Would increase the savings achieved in the bill by removing a limitation on outlay calculations, which allows CBO to provide a more accurate measure of the likely rate of spending. Would also create a new point of order against consideration of a measure that would violate the discretionary spending caps. In the Senate, the amendment requires a three-fifths vote to waive the new point of order.
