PURPOSE AND SUMMARY

On February 18, 2021, Representative Nydia M. Velazquez (D-NY-7) introduced H.R. 1188, the “Greater Accountability in Pay Act,” which would require public companies, with the exception of emerging growth companies, to disclose certain employee pay raise information, including pay raises for executive employees and non-executive employees. The bill would also require a company to compare its executive and non-executive pay increases to each other and to the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor. Companies would also be required to disclose information related to those comparisons. Disclosures under this bill would be annual.

BACKGROUND AND NEED FOR LEGISLATION

During 2020, the coronavirus 2019 pandemic killed more than 550,000 Americans and hurt the U.S. workforce, resulting in unprecedented unemployment rates. In fact, in April 2020, the unemployment rate reached 14.8%, the highest rate of unemployment since data collection began in 1948.¹ Still, the average salaries for chief executive officers of some of the largest publicly traded companies continued to rise. More specifically, according to an analysis done by the Wall Street Journal, “[m]edian pay for the chief executives of more than 300 of the biggest U.S. public companies reached \$13.7 million last year, up from \$12.8 million for the same companies a year earlier.”² Shareholders have reacted to this by withholding their support for compensation practices.³ For instance, shareholders with some companies, including “Starbucks Corp. and Walgreens Boots Alliance Inc.,” have even voted against compensation arrangements.⁴ General Electric Co.’s shareholders rejected its company packages, including its chief executive officer’s whose 2020 compensation was over \$700 million.⁵ At the same time, General Electric has “laid off thousands of” employees.⁶ Information disclosed under the Greater Accountability in Pay Act would provide shareholders with more detailed information into the company’s human capital management, in particular, the company’s expenditures on executive compensation versus worker pay. Testifying before the Subcommittee on Investor Protection, Entrepreneurship, and Capital Markets, a representative from the Center for American Progress stated that, “Representative Velazquez’s Greater Accountability in Pay Act, which provides important benchmarks regarding executive compensation, would both further greater transparency and accountability around worker and inequality issues.”⁷

Section 1. Short Title

This section establishes the short title of the bill as the “Greater Accountability in Pay Act.”

Section 2. Pay Raise Disclosures

Section 2 would amend Section 13 of the Securities Exchange Act of 1934 by adding a new subsection (s) that requires companies, other than emerging growth companies, to file annual reports with the SEC under this section or section 15(d) to report the following information related to pay raises: (1) the percentage increase in the median of the annual total compensation of all executive officers over the last completed fiscal year; (2) the percentage increase in the median of the annual total compensation of all employees, excluding executive officers, over the last completed fiscal year; (3) the ratio of the percentage described in (1) to the percentage described in (2); (4) a comparison of the percentage increase described in paragraph (1) to the percentage change in the Consumer Price Index for All Urban Consumers published by the Department of Labor; (5) the percentage increase described in paragraph (2) to the percentage change in the Consumer Price Index for All Urban Consumers published by the Department of Labor.

STATEMENT OF OVERSIGHT FINDINGS AND RECOMMENDATIONS OF THE COMMITTEE

In compliance with clause 3(c)(1) of Rule XIII and clause 2(b)(1) of Rule X of the Rules of the House of Representatives, the Committee's oversight findings and recommendations are reflected in the descriptive portions of this report.

STATEMENT OF PERFORMANCE GOALS AND OBJECTIVES

Pursuant to clause (3)(c) of Rule XIII of the Rules of the House of Representatives, the goals of H.R. 1188 are to require public companies to annually disclose the percentage increase in the median of the annual total compensation of all executives and the percentage increase in the median of the annual total compensation of all employees, among other things.

NEW BUDGET AUTHORITY AND CBO COST ESTIMATE

Pursuant to clause 3(c)(2) of Rule XIII of the Rules of the House of Representatives and section 308(a) of the *Congressional Budget Act of 1974*, and pursuant to clause 3(c)(3) of Rule XIII of the Rules of the House of Representatives and section 402 of the *Congressional Budget Act of 1974*, the Committee has requested an estimate for H.R. 1188 from the Director of the Congressional Budget Office. CBO was unable to provide an estimate in a timely manner.

COMMITTEE COST ESTIMATE

Clause 3(d)(1) of Rule XIII of the Rules of the House of Representatives requires an estimate and a comparison of the costs that would be incurred in carrying out H.R. 1188. After careful review, including discussions with the Congressional Budget Office, the Committee estimates that H.R. 1188 would have an insignificant impact on spending.

UNFUNDED MANDATE STATEMENT

Pursuant to Section 423 of the *Congressional Budget and Impoundment Control Act* (as amended by Section 101(a)(2) of the *Unfunded Mandates Reform Act*, Pub. L. 104-4), the Committee does not believe H.R. 1188, as amended, contains any unfunded mandates and adopts as its own any future estimate in that regard as prepared by the Director of the Congressional Budget Office.

ADVISORY COMMITTEE

No advisory committees within the meaning of section 5(b) of the Federal Advisory Committee Act were created by this legislation.

APPLICATION OF LAW TO THE LEGISLATIVE BRANCH

Pursuant to section 102(b)(3) of the *Congressional Accountability Act*, Pub. L. No. 104-1, H.R. 1188, as amended, does not apply to terms and conditions of employment or to access to public services or accommodations within the legislative branch.

EARMARK STATEMENT

In accordance with clause 9 of Rule XXI of the Rules of the House of Representatives, H.R. 1188 does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as described in clauses 9(e), 9(f), and 9(g) of Rule XXI.

DUPLICATION OF FEDERAL PROGRAMS

Pursuant to clause 3(c)(5) of Rule XIII of the Rules of the House of Representatives, the Committee states that no provision of H.R. 1188 establishes or reauthorizes a program of the Federal Government known to be duplicative of another federal program, a program that was included in any report from the Government Accountability Office to Congress pursuant to section 21 of Public Law 111-139, or a program related to a program identified in the most recent Catalog of Federal Domestic Assistance.

CHANGES TO EXISTING LAW

In compliance with clause 3(e) of Rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, H.R. 1188, as reported, are shown as follows:

CHANGES IN EXISTING LAW MADE BY THE BILL, AS REPORTED

In compliance with clause 3(e) of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, as reported, are shown as follows (new matter is printed in italics and existing law in which no change is proposed is shown in roman):

SECURITIES EXCHANGE ACT OF 1934**TITLE I—REGULATION OF SECURITIES EXCHANGES**

* * * * *

PERIODICAL AND OTHER REPORTS

SEC. 13. (a) Every issuer of a security registered pursuant to section 12 of this title shall file with the Commission, in accordance with such rules and regulations as the Commission may prescribe as necessary or appropriate for the proper protection of investors and to insure fair dealing in the security—

(1) such information and documents (and such copies thereof) as the Commission shall require to keep reasonably current the information and documents required to be included in or filed with an application or registration statement filed pursuant to section 12, except that the Commission may not require the filing of any material contract wholly executed before July 1, 1962.

(2) such annual reports (and such copies thereof), certified if required by the rules and regulations of the Commission by independent public accountants, and such quarterly reports (and such copies thereof), as the Commission may prescribe.

Every issuer of a security registered on a national securities exchange shall also file a duplicate original of such information, documents, and reports with the exchange. In any registration statement, periodic report, or other reports to be filed with the Commission, an emerging growth company need not present selected financial data in accordance with section 229.301 of title 17, Code of Federal Regulations, for any period prior to the earliest audited period presented in connection with its first registration statement that became effective under this Act or the Securities Act of 1933 and, with respect to any such statement or reports, an emerging growth company may not be required to comply with any new or revised financial accounting standard until such date that a company that is not an issuer (as defined under section 2(a) of the Sarbanes-Oxley Act of 2002 (15 U.S.C. 7201(a))) is required to comply with such new or revised accounting standard, if such standard applies to companies that are not issuers.

(b)(1) The Commission may prescribe, in regard to reports made pursuant to this title, the form or forms in which the required information shall be set forth, the items or details to be

shown in the balance sheet and the earnings statement, and the methods to be followed in the preparation of reports, in the appraisal or valuation of assets and liabilities, in the determination of depreciation and depletion, in the differentiation of recurring and nonrecurring income, in the differentiation of investment and operating income, and in the preparation, where the Commission deems it necessary or desirable, of separate and/or consolidated balance sheets or income accounts of any person directly or indirectly controlling or controlled by the issuer, or any person under direct or indirect common control with the issuer; but in the case of the reports of any person whose methods of accounting are prescribed under the provisions of any law of the United States, or any rule or regulation thereunder, the rules and regulations of the Commission with respect to reports shall not be inconsistent with the requirements imposed by such law or rule or regulation in respect of the same subject matter (except that such rules and regulations of the Commission may be inconsistent with such requirements to the extent that the Commission determines that the public interest or the protection of investors so requires).

(2) Every issuer which has a class of securities registered pursuant to section 12 of this title and every issuer which is required to file reports pursuant to section 15(d) of this title shall—

(A) make and keep books, records, and accounts, which, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the issuer;

(B) devise and maintain a system of internal accounting controls sufficient to provide reasonable assurances that—

(i) transactions are executed in accordance with management's general or specific authorization;

(ii) transactions are recorded as necessary (I) to permit preparation of financial statements in conformity with generally accepted accounting principles or any other criteria applicable to such statements, and (II) to maintain accountability for assets;

(iii) access to assets is permitted only in accordance with management's general or specific authorization; and

(iv) the recorded accountability for assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences; and

(C) notwithstanding any other provision of law, pay the allocable share of such issuer of a reasonable annual accounting support fee or fees, determined in accordance with section 109 of the Sarbanes-Oxley Act of 2002.

(3)(A) With respect to matters concerning the national security of the United States, no duty or liability under paragraph (2) of this subsection shall be imposed upon any person acting in cooperation with the head of any Federal department or agency responsible for such matters if such act in cooperation with such head of a department or agency was done upon the specific, written directive of the head of such department or agency pursuant to Presidential authority to issue such directives. Each directive issued under this paragraph shall set forth the specific facts and circumstances with respect to which the provisions of this paragraph

are to be invoked. Each such directive shall, unless renewed in writing, expire one year after the date of issuance.

(B) Each head of a Federal department or agency of the United States who issues a directive pursuant to this paragraph shall maintain a complete file of all such directives and shall, on October 1 of each year, transmit a summary of matters covered by such directives in force at any time during the previous year to the Permanent Select Committee on Intelligence of the House of Representatives and the Select Committee on Intelligence of the Senate.

(4) No criminal liability shall be imposed for failing to comply with the requirements of paragraph (2) of this subsection except as provided in paragraph (5) of this subsection.

(5) No person shall knowingly circumvent or knowingly fail to implement a system of internal accounting controls or knowingly falsify any book, record, or account described in paragraph (2).

(6) Where an issuer which has a class of securities registered pursuant to section 12 of this title or an issuer which is required to file reports pursuant to section 15(d) of this title holds 50 per centum or less of the voting power with respect to a domestic or foreign firm, the provisions of paragraph (2) require only that the issuer proceed in good faith to use its influence, to the extent reasonable under the issuer's circumstances, to cause such domestic or foreign firm to devise and maintain a system of internal accounting controls consistent with paragraph (2). Such circumstances include the relative degree of the issuer's ownership of the domestic or foreign firm and the laws and practices governing the business operations of the country in which such firm is located. An issuer which demonstrates good faith efforts to use such influence shall be conclusively presumed to have complied with the requirements of paragraph (2).

(7) For the purpose of paragraph (2) of this subsection, the terms "reasonable assurances" and "reasonable detail" mean such level of detail and degree of assurance as would satisfy prudent officials in the conduct of their own affairs.

(c) If in the judgment of the Commission any report required under subsection (a) is inapplicable to any specified class or classes of issuers, the Commission shall require in lieu thereof the submission of such reports of comparable character as it may deem applicable to such class or classes of issuers.

(d)(1) Any person who, after acquiring directly or indirectly the beneficial ownership of any equity security of a class which is registered pursuant to section 12 of this title, or any equity security of an insurance company which would have been required to be so registered except for the exemption contained in section 12(g)(2)(G) of this title, or any equity security issued by a closed-end investment company registered under the Investment Company Act of 1940 or any equity security issued by a Native Corporation pursuant to section 37(d)(6) of the Alaska Native Claims Settlement Act, or otherwise becomes or is deemed to become a beneficial owner of any of the foregoing upon the purchase or sale of a security-based swap that the Commission may define by rule, and is directly or indirectly the beneficial owner of more than 5 per centum of such class shall, within ten days after such acquisition or within such

shorter time as the Commission may establish by rule, file with the Commission, a statement containing such of the following information, and such additional information, as the Commission may by rules and regulations, prescribe as necessary or appropriate in the public interest or for the protection of investors—

(A) the background, and identity, residence, and citizenship of, and the nature of such beneficial ownership by, such person and all other persons by whom or on whose behalf the purchases have been or are to be effected;

(B) the source and amount of the funds or other consideration used or to be used in making the purchases, and if any part of the purchase price is represented or is to be represented by funds or other consideration borrowed or otherwise obtained for the purpose of acquiring, holding, or trading such security, a description of the transaction and the names of the parties thereto, except that where a source of funds is a loan made in the ordinary course of business by a bank, as defined in section 3(a)(6) of this title, if the person filing such statement so requests, the name of the bank shall not be made available to the public;

(C) if the purpose of the purchases or prospective purchases is to acquire control of the business of the issuer of the securities any plans or proposals which such persons may have to liquidate such issuer, to sell its assets to or merge it with any other persons, or to make any other major change in its business or corporate structure;

(D) the number of shares of such security which are beneficially owned, and the number of shares concerning which there is a right to acquire, directly or indirectly, by (i) such person, and (ii) by each associate of such person, giving the background, identity, residence, and citizenship of each such associate; and

(E) information as to any contracts, arrangements, or understandings with any person with respect to any securities of the issuer, including but not limited to transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guaranties of loans, guaranties against loss or guaranties of profits, division of losses or profits, or the giving or withholding of proxies, naming the persons with whom such contracts, arrangements, or understandings have been entered into, and giving the details thereof.

(2) If any material change occurs in the facts set forth in the statement filed with the Commission, an amendment shall be filed with the Commission, in accordance with such rules and regulations as the Commission may prescribe as necessary or appropriate in the public interest or for the protection of investors.

(3) When two or more persons act as a partnership, limited partnership, syndicate, or other group for the purpose of acquiring, holding, or disposing of securities of an issuer, such syndicate or group shall be deemed a “person” for the purposes of this subsection.

(4) In determining, for purposes of this subsection, any percentage of a class of any security, such class shall be deemed to

consist of the amount of the outstanding securities of such class, exclusive of any securities of such class held by or for the account of the issuer or a subsidiary of the issuer.

(5) The Commission, by rule or regulation or by order, may permit any person to file in lieu of the statement required by paragraph (1) of this subsection or the rules and regulations thereunder, a notice stating the name of such person, the number of shares of any equity securities subject to paragraph (1) which are owned by him, the date of their acquisition and such other information as the Commission may specify, if it appears to the Commission that such securities were acquired by such person in the ordinary course of his business and were not acquired for the purpose of and do not have the effect of changing or influencing the control of the issuer nor in connection with or as a participant in any transaction having such purpose or effect.

(6) The provisions of this subsection shall not apply to—

(A) any acquisition or offer to acquire securities made or proposed to be made by means of a registration statement under the Securities Act of 1933;

(B) any acquisition of the beneficial ownership of a security which, together with all other acquisitions by the same person of securities of the same class during the preceding twelve months, does not exceed 2 per centum of that class;

(C) any acquisition of an equity security by the issuer of such security;

(D) any acquisition or proposed acquisition of a security which the Commission, by rules or regulations or by order, shall exempt from the provisions of this subsection as not entered into for the purpose of, and not having the effect of, changing or influencing the control of the issuer or otherwise as not comprehended within the purposes of this subsection.

(e)(1) It shall be unlawful for an issuer which has a class of equity securities registered pursuant to section 12 of this title, or which is a closed-end investment company registered under the Investment Company Act of 1940, to purchase any equity security issued by it if such purchase is in contravention of such rules and regulations as the Commission, in the public interest or for the protection of investors, may adopt (A) to define acts and practices which are fraudulent, deceptive, or manipulative, and (B) to prescribe means reasonably designed to prevent such acts and practices. Such rules and regulations may require such issuer to provide holders of equity securities of such class with such information relating to the reasons for such purchase, the source of funds, the number of shares to be purchased, the price to be paid for such securities, the method of purchase, and such additional information, as the Commission deems necessary or appropriate in the public interest or for the protection of investors, or which the Commission deems to be material to a determination whether such security should be sold.

(2) For the purpose of this subsection, a purchase by or for the issuer or any person controlling, controlled by, or under common control with the issuer, or a purchase subject to control of the issuer or any such person, shall be deemed to be a purchase by the

issuer. The Commission shall have power to make rules and regulations implementing this paragraph in the public interest and for the protection of investors, including exemptive rules and regulations covering situations in which the Commission deems it unnecessary or inappropriate that a purchase of the type described in this paragraph shall be deemed to be a purchase by the issuer for purposes of some or all of the provisions of paragraph (1) of this subsection.

(3) At the time of filing such statement as the Commission may require by rule pursuant to paragraph (1) of this subsection, the person making the filing shall pay to the Commission a fee at a rate that, subject to paragraph (4), is equal to \$92 per \$1,000,000 of the value of securities proposed to be purchased. The fee shall be reduced with respect to securities in an amount equal to any fee paid with respect to any securities issued in connection with the proposed transaction under section 6(b) of the Securities Act of 1933, or the fee paid under that section shall be reduced in an amount equal to the fee paid to the Commission in connection with such transaction under this paragraph.

(4) ANNUAL ADJUSTMENT.—For each fiscal year, the Commission shall by order adjust the rate required by paragraph (3) for such fiscal year to a rate that is equal to the rate (expressed in dollars per million) that is applicable under section 6(b) of the Securities Act of 1933 for such fiscal year.

(5) FEE COLLECTIONS.—Fees collected pursuant to this subsection for fiscal year 2012 and each fiscal year thereafter shall be deposited and credited as general revenue of the Treasury and shall not be available for obligation.

(6) EFFECTIVE DATE; PUBLICATION.—In exercising its authority under this subsection, the Commission shall not be required to comply with the provisions of section 553 of title 5, United States Code. An adjusted rate prescribed under paragraph (4) shall be published and take effect in accordance with section 6(b) of the Securities Act of 1933 (15 U.S.C. 77f(b)).

(7) PRO RATA APPLICATION.—The rates per \$1,000,000 required by this subsection shall be applied pro rata to amounts and balances of less than \$1,000,000.

(f)(1) Every institutional investment manager which uses the mails, or any means or instrumentality of interstate commerce in the course of its business as an institutional investment manager and which exercises investment discretion with respect to accounts holding equity securities of a class described in section 13(d)(1) of this title having an aggregate fair market value on the last trading day in any of the preceding twelve months of at least \$100,000,000 or such lesser amount (but in no case less than \$10,000,000) as the Commission, by rule, may determine, shall file reports with the Commission in such form, for such periods, and at such times after the end of such periods as the Commission, by rule, may prescribe, but in no event shall such reports be filed for periods longer than one year or shorter than one quarter. Such reports shall include for each such equity security held on the last day of the reporting period by accounts (in aggregate or by type as the Commission, by rule, may prescribe) with respect to which the institutional invest-

the Commission following the end of the reporting period. At a minimum, such public disclosure shall occur every month.

(3) The Commission, by rule or order, may exempt, conditionally or unconditionally, any institutional investment manager or security or any class of institutional investment managers or securities from any or all of the provisions of this subsection or the rules thereunder.

(4) The Commission shall make available to the public for a reasonable fee a list of all equity securities of a class described in section 13(d)(1) of this title, updated no less frequently than reports are required to be filed pursuant to paragraph (1) of this subsection. Federal authorities which, directly or indirectly, require reports from institutional investment managers of information substantially similar to that called for by this subsection shall cooperate with the Commission in the performance of its responsibilities under the preceding sentence. An institutional investment manager which is a bank, the deposits of which are insured in accordance with the Federal Deposit Insurance Act, shall file with the appro-

(g)(1) Any person who is directly or indirectly the beneficial owner of more than 5 per centum of any security of a class described in subsection (d)(1) of this section or otherwise becomes or is deemed to become a beneficial owner of any security of a class described in subsection (d)(1) upon the purchase or sale of a security-based swap that the Commission may define by rule shall file with the Commission a statement setting forth, in such form and at such time as the Commission may, by rule, prescribe—

(3) When two or more persons act as a partnership, limited partnership, syndicate, or other group for the purpose of acquiring, holding, or disposing of securities of an issuer, such syndicate or group shall be deemed a “person” for the purposes of this subsection.

(4) In determining, for purposes of this subsection, any percentage of a class of any security, such class shall be deemed to consist of the amount of the outstanding securities of such class, exclusive of any securities of such class held by or for the account of the issuer or a subsidiary of the issuer.

(5) In exercising its authority under this subsection, the Commission shall take such steps as it deems necessary or appropriate in the public interest or for the protection of investors (A) to achieve centralized reporting of information regarding ownership, (B) to avoid unnecessarily duplicative reporting by and minimize the compliance burden on persons required to report, and (C) to tabulate and promptly make available the information contained in any report filed pursuant to this subsection in a manner which will, in the view of the Commission, maximize the usefulness of the information to other Federal and State agencies and the public.

(6) The Commission may, by rule or order, exempt, in whole or in part, any person or class of persons from any or all of the reporting requirements of this subsection as it deems necessary or appropriate in the public interest or for the protection of investors.

Such records shall be available for reporting to the Commission, or any self-regulatory organization that the Commission shall designate to receive such reports, on the morning of the day following the day the transactions were effected, and shall be reported to the Commission or a self-regulatory organization designated by the Commission immediately upon request by the Commission or such a self-regulatory organization. Such records and reports shall be in a format and transmitted in a manner prescribed by the Commission (including, but not limited to, machine readable form).

(7) AUTHORITY OF COMMISSION TO LIMIT DISCLOSURE OF INFORMATION.—Notwithstanding any other provision of law, the Commission shall not be compelled to disclose any information required to be kept or reported under this subsection. Nothing in this subsection shall authorize the Commission to withhold information from Congress, or prevent the Commission from complying with a request for information from any other Federal department or agency requesting information for purposes within the scope of its jurisdiction, or complying with an order of a court of the United States in an action brought by the United States or the Commission. Minority Views
H.R. 1188, *Greater Accountability in Pay Act of 2021*

Republicans believe investors should have information that is useful when making investment-related decisions. However, H.R. 1188 does not provide this type of information. In fact, it is unclear what problem this bill is trying to solve.

H.R. 1188 is duplicative of the mandatory CEO pay ratio disclosure set out in section 953(b) of the Dodd-Frank Act. This section already requires public companies to disclose the median compensation amount of the company's workforce and compare that number to the company's CEO compensation amount in the form of a ratio under the pay ratio mandate.

H.R. 1188 would add to this existing mandate by requiring public companies to annually disclose the following:

- The pay raise percentage for its executives;
- The pay raise percentage for its median employee over the past year;
- A comparison of each to the rate of inflation; and
- The ratio between the two pay raise percentages.

This information would not lead to an increase in employee wages. It only increases the burden of being an American public company. Moreover, the bill fails to recognize each company's pay ratio is a unique calculation based on that company's custom methodology and unique composition and structure. Thus, this information is not comparable among companies.

Consider two companies many people would consider as similar. Under H.R. 1188 each company would end up with wildly different pay ratios:

- Facebook reported in its 2021 proxy statement that CEO Mark Zuckerberg's total compensation for 2020 was \$25,288,265. Yet, he only received \$1 in salary that year.
- Facebook reported that Zuckerberg's 2020 annual total compensation as reported consisted almost entirely of costs related to his personal security and use of private aircraft. Meanwhile, the median of the annual total compensation of all Facebook employees, excluding Zuckerberg, in 2020 was \$262,633.
- Despite Zuckerberg receiving \$1 in salary and not participating in the company's bonus plan nor receiving any equity award, Facebook's reported 2020 CEO pay ratio—the ratio of its CEO's annual total compensation to the median of the annual total compensation of all other employees—was 96 to 1.
- For the same period, Apple reported that its CEO pay ratio was 256 to 1.
- This was based on the \$14,769,259 in annual total compensation of CEO Tim Cook, which included his base salary of \$3 million, and the \$57,783 in annual total compensation of its median compensated employee.

Thus, despite being somewhat similar technology companies and despite having a lower overall CEO compensation amount, Apple appears to have a much worse pay ratio than Facebook. What

the ratio doesn't tell you is Apple employs more retail-based employees at their Apple Store unlike Facebook, which does not have as many lower-compensated retail employees (and thus their median employee by compensation may be, for example, a software engineer).

Committee Republicans offered two amendments during the markup. The first would have required companies to make the disclosures required by H.R. 1188 if there is a substantial likelihood that a reasonable investor would consider such information important to making an investment decision. The second would have repealed the mandatory disclosure requirements on conflict minerals, mine safety, resource extraction and CEO pay ratio included in the Dodd-Frank Act. Both were rejected by Democrats on a party-line vote.

H.R. 1188 is more of the same from Democrats. It will only saddle American businesses with more burdens and incentive them to stay private. Committee Republicans are focused on policies that make companies want to expand and go public. H.R. 1188 lacks such purpose.

For these reasons, Committee Republicans are opposed to the bill.
