EXPLANATION OF WAIVERS

The waiver of all points of order against consideration of H.R. 1029 includes waivers of the following:

-Clause 3(e)(1) of rule XIII (Ramseyer), requiring a committee report accompanying a bill amending or repealing statutes to show, by typographical device, parts of statute affected.

-Clause 3(c)(4) of rule XIII, requiring the inclusion of general performance goals and objectives in the committee report. It is important to note that while the report to accompany H.R.1029 did include a statement reflecting the performance goals, the statement was incomplete.

Although the resolution waives all points of order against the amendment in the nature of a substitute to H.R. 1029 made in order as original text, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

Although the resolution waives all points of order against amendments printed in part A of this report, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

The waiver of all points of order against consideration of H.R. 1030 includes waivers of the following:

-Clause 3(e)(1) of rule XIII (Ramseyer), requiring a committee report accompanying a bill amending or repealing statutes to show, by typographical device, parts of statute affected.

-Clause 3(c)(4) of rule XIII, requiring the inclusion of general performance goals and objectives in the committee report. It is important to note that while the report to accompany H.R.1030 did include a statement reflecting the performance goals, the statement was incomplete.

-Clause 3(d) of rule XIII, which requires the inclusion of a committee cost estimate.

Although the resolution waives all points of order against the amendment in the nature of a substitute to H.R. 1030 made in order as original text, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

Although the resolution waives all points of order against amendments printed in part B of this report, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

The waivers of clause 3(e)(1) of rule XIII (known as the“Ramseyer” rule) are provided for both measures because the submissions provided by the committee were insufficient to meet the standards established by the rule in its current form. The Committee on Rules continues to work with the House Office of Legislative Counsel and committees to determine the steps necessary to comply with the updated rule.
