20 **SEC. 151. ESTABLISHMENT OF STRATEGIC PLAN REQUIRE-**  
21 **MENT FOR OFFICE OF CONNECTED CARE OF**  
22 **DEPARTMENT OF VETERANS AFFAIRS.**

23 *(a) FINDINGS.—Congress makes the following findings:*

24 *(1) The COVID–19 pandemic caused the Depart-*  
25 *ment of Veterans Affairs to exponentially increase*  
26 *telehealth and virtual care modalities, including VA*

1 *Video Connect, to deliver health care services to vet-*  
2 *eran patients.*

3 (2) *Between January 2020 and January 2021,*  
4 *the number of telehealth appointments offered by the*  
5 *Department increased by 1,831 percent.*

6 (3) *The Department maintains strategic partner-*  
7 *ships, such as the Digital Divide Consult, with a goal*  
8 *of ensuring veterans who reside in rural, highly rural,*  
9 *or medically underserved areas have access to high-*  
10 *quality telehealth services offered by the Department.*

11 (4) *As of 2019, veterans who reside in rural and*  
12 *highly rural areas make up approximately  $\frac{1}{3}$  of vet-*  
13 *eran enrollees in the patient enrollment system, and*  
14 *are on average, older than their veteran peers in*  
15 *urban areas, experience higher degrees of financial in-*  
16 *stability, and live with a greater number of complex*  
17 *health needs and comorbidities.*

18 (5) *The Federal Communications Commission*  
19 *estimated in 2020 that 15 percent of veteran house-*  
20 *holds do not have an internet connection.*

21 (6) *Under the Coronavirus Aid, Relief, and Eco-*  
22 *nomic Security Act (Public Law 116–136), Congress*  
23 *granted the Department additional authority to enter*  
24 *into short-term agreements or contracts with private*

3        *through telehealth or VA Video Connect during a pub-*  
4        *lic health emergency.*

5            *(7) The authority described in paragraph (6)*  
6        *was not utilized to the fullest extent by the Depart-*  
7        *ment.*

8            *(8) Though the Department has made significant*  
9        *progress in expanding telehealth services offered to*  
10       *veterans who are enrolled in the patient enrollment*  
11       *system, significant gaps still exist to ensure all vet-*  
12       *erans receive equal and high-quality access to virtual*  
13       *care.*

14           *(9) Questions regarding the efficacy of using tele-*  
15       *health for certain health care services and specialties*  
16       *remain, and should be further studied.*

17           *(10) The Department continues to expand tele-*  
18       *health and virtual care offerings for primary care,*  
19       *mental health care, specialty care, urgent care, and*  
20       *even remote intensive care units.*

21        *(b) SENSE OF CONGRESS.—It is the sense of Congress*  
22       *that the telehealth services offered by the Department of Vet-*  
23       *erans Affairs should be routinely measured and evaluated*  
24       *to ensure the telehealth technologies and modalities delivered*  
25       *to veteran patients to treat a wide variety of health condi-*

1 *tions are as effective as in-person treatment for primary*

25 Act—

1                   (I) there is located not less than 1  
2                   public institution of higher education  
3                   and not less than 1 private institution

14                  purposes of that Survey) are owned by  
15                  women, minorities, or veterans.

16                  (b) *PURPOSES.*—The purposes of the community out-  
17 reach offices established under subsection (a) are to—

18                   (1) further achieve the purposes described in sec-

14          ventors are aware of the patent pro bono  
15          programs;

9 programs in response to the findings of the study.

10          (c) *EXPANSION OF INCOME ELIGIBILITY.*—

11               (1) *IN GENERAL.*—The Director shall work with  
12 and support, including by providing financial sup-

19               (2) *RULE OF CONSTRUCTION.*—Nothing in para-

### 14           ***SEC. 102. FINDINGS.***

15           Congress finds the following:

16           (1) Access to computers and computer technology  
17           is indispensable for success in the 21st century. Mil-  
18           lions of Americans do not regularly use a computer  
19           and research shows that substantial disparities re-  
20           main in both internet use and the quality of access,  
21           with the digital divide concentrated among older, less  
22           educated, less affluent populations, especially vet-  
23           erans, low-income students, and senior citizens.

24           (2) The COVID–19 pandemic has highlighted the  
25           gap between those with computer access and those

1       *without. Millions of students, their families, and*  
2       *workers from across the economy were unable to do*  
3       *schoolwork, work remotely from home, or connect to*  
4       *loved ones and their communities because of the dig-*  
5       *ital divide.*

6               *(3) Any Federal program that distributes sur-*  
7       *plus, repairable Federal computers or technology*  
8       *equipment would benefit from a partnership with a*  
9       *nonprofit organization whose mission is bridging the*  
10       *digital divide.*

11 **SEC. 103. REFURBISHMENT AND DISTRIBUTION OF SUR-**  
12               **PLUS COMPUTERS AND TECHNOLOGY EQUIP-**  
13               **MENT.**

14       *(a) IN GENERAL.—Subchapter III of chapter 5 of title*  
15       *40, United States Code, is amended by inserting after sec-*  
16       *tion 549 the following:*

17 **“§ 549a. Donation of personal property through non-**  
18               **profit refurbishers**

19       *“(a) AUTHORIZATION.—Not later than 30 days after*  
20       *the date on which the Administrator provides State agencies*  
21       *for surplus property an opportunity to review surplus com-*  
22       *puter or technology equipment under section 549, the Ad-*  
23       *ministrator shall, as appropriate, transfer full title to such*  
24       *surplus computer or technology equipment that is deter-*  
25       *mined to be eligible under subsection (b)(1) to nonprofit*

1 *computer refurbishers for repair, distribution, and subse-*  
2 *quent transfer of full title of the equipment to eligible recipi-*  
3 *ents under this section.*

4 “(b) *ELIGIBILITY, PARTICIPATION, AND DUTIES.*—

5 “(1) *ELIGIBILITY.*—*Surplus computer or tech-*  
6 *nology equipment is eligible for transfer under this*  
7 *section if a Federal agency determines that—*

8 “(A) *the surplus computer or technology*  
9 *equipment is repairable; and*

10 “(B) *the surplus computer or technology*  
11 *equipment meets the Guidelines for Media Sani-*  
12 *tization issued by the National Institute of*  
13 *Standards and Technology (NIST Special Publi-*  
14 *cation 800–88), or any successor thereto.*

15 “(2) *PARTICIPATION.*—*The Administrator may*  
16 *establish partnerships with nongovernmental entities,*  
17 *at no cost and through cooperative agreements, to fa-*  
18 *cilitate the identification and participation of non-*  
19 *profit computer refurbishers under this section.*

20 “(3) *DUTIES OF REFURBISHERS.*—*A nonprofit*  
21 *computer refurbisher that receives surplus computer*  
22 *or technology equipment under this section shall—*

23 “(A) *make necessary repairs to restore the*  
24 *surplus computer or technology equipment to*  
25 *working order;*

1           “(B) distribute the repaired surplus com-  
2           puter or technology equipment to eligible recipi-  
3           ents at no cost, except to the extent—

4                   “(i) necessary to facilitate shipping  
5                   and handling of such equipment; and

6                   “(ii) that such cost is consistent with  
7                   any regulations promulgated by the Admin-  
8                   istrator under subsection (d);

9           “(C) offer training programs on the use of  
10           the repaired computers and technology equip-  
11           ment for the recipients of the equipment; and

12           “(D) use recyclers to the maximum extent  
13           practicable in the event that surplus computer or  
14           technology equipment transferred under this sec-  
15           tion cannot be repaired or reused.

16           “(c) *REPORTING REQUIREMENTS.*—

17                   “(1) *REFURBISHER REPORTS.*—A nonprofit  
18                   computer refurbisher that receives surplus computer  
19                   or technology equipment under this section shall pro-  
20                   vide the Administrator with any information the Ad-  
21                   ministrator determines to be necessary for required  
22                   reporting—

23                   “(A) including information about the dis-  
24                   tribution of such equipment; and

1           “(B) which shall not include any personal  
2           identifying information about the recipient of  
3           such equipment apart from whether a recipient  
4           is an educational institution, individual with  
5           disabilities, low-income individual, student, sen-  
6           ior in need, or veteran for the purposes of eligi-  
7           bility under this section.

8           “(2) *ADMINISTRATOR REPORTS.*—Annually and  
9           consistent with reporting requirements for transfers of  
10          *Federal personal property to non-Federal entities, the*  
11          *Administrator shall submit to Congress and make*  
12          *publicly available a report that includes, for the pe-*  
13          *riod covered by the report—*

14               “(A) a description of the efforts of the Ad-  
15               ministrators under this section;

16               “(B) a list of nongovernmental entities with  
17               which the Administrator had a partnership de-  
18               scribed in subsection (b)(2);

19               “(C) a list of nonprofit computer refur-  
20               bishers that received, made repairs to, and dis-  
21               tributed surplus computer and technology equip-  
22               ment, including disclosure of any foreign owner-  
23               ship interest in a nonprofit computer refur-  
24               bisher; and

1           “(D) a list of donated and subsequently re-  
2           paired surplus computer or technology equip-  
3           ment identifying—

4                   “(i) the Federal agency that donated  
5                   the surplus computer or technology equip-  
6                   ment;

7                   “(ii) the State and county (or similar  
8                   unit of local government) where the recipi-

13 ***GOLD MEDAL***

14 ***SEC. 701. SHORT TITLE.***

15       *This title may be cited as the “Benjamin Berell*  
16 *Ferencz Congressional Gold Medal Act”.*

17 ***SEC. 702. FINDINGS.***

18       *Congress finds the following:*

19           (1) *Benjamin “Ben” Berell Ferencz was born on*  
20 *March 11, 1920, in Transylvania, now modern-day*  
21 *Hungary.*

22           (2) *In 1920, Ben and his family fled anti-Se-*  
23 *mitic persecution and emigrated to the United States.*  
24 *Ben grew up in New York City, and, in 1940, was*

1       *awarded a scholarship to Harvard Law School where*  
2       *he graduated with honors.*

3               *(3) After the onset of World War II, Ben enlisted*  
4       *in the United States Army in 1943, and joined an*  
5       *anti-aircraft artillery battalion preparing for the in-*  
6       *vasion of France. As an enlisted man under General*  
7       *Patton, he fought in most of the major campaigns in*  
8       *Europe.*

9               *(4) As Nazi atrocities were uncovered, Ben was*  
10       *transferred to a newly created War Crimes Branch of*  
11       *the Army to gather evidence of war crimes that could*  
12       *be used in a court of law to prosecute persons respon-*  
13       *sible for these crimes. Ben documented the horrors*  
14       *perpetrated by Nazi Germany, visiting concentration*  
15       *camps as they were liberated.*

16               *(5) At the end of 1945, Ben was honorably dis-*  
17       *charged from the United States Army with the rank*  
18       *of Sergeant of Infantry. He had been awarded five*  
19       *battle stars.*

20               *(6) In 1946, the United States Government re-*  
21       *cruted Ben to join the team working on the Nurem-*  
22       *berg tribunals, a novel independent court established*  
23       *to try top-ranking Nazi officials for crimes per-*  
24       *petrated during the course of the war, including those*  
25       *crimes we now call the Holocaust. Mr. Ferencz was*

1       *sent to Berlin to oversee a team of 50 researchers in-*  
2       *vestigating official Nazi records, which provided over-*  
3       *whelming evidence to implicate German doctors, law-*  
4       *yers, judges, generals, industrialists, and others in*  
5       *genocide.*

6               *(7) By 1948, at age 27, Ben had secured enough*  
7       *evidence to prosecute 22 SS members of Nazi killing*  
8       *squads charged for the murder of over 1,000,0000*  
9       *Jewish, Roma, Soviet, and other men, women, and*  
10       *children in shooting massacres in occupied Soviet ter-*  
11       *ritory. He was appointed chief prosecutor in the*  
12       *Einsatzgruppen Trial, in what the Associated Press*  
13       *called “the biggest murder trial in history”. The court*  
14       *found 20 Nazi officials guilty of war crimes, crimes*  
15       *against humanity, and membership in a criminal or-*  
16       *ganization for their roles in the murder of over a mil-*  
17       *lion people. An additional two defendants were found*  
18       *guilty for membership in a criminal organization.*

19               *(8) After the Nuremberg trials ended, Ben fought*  
20       *for compensation for victims and survivors of the*  
21       *Holocaust, the return of stolen assets, and other forms*  
22       *of restitution for those who had suffered at the hands*  
23       *of the Nazis.*

24               *(9) Since the 1970s, Ben has worked tirelessly to*  
25       *promote development of international mechanisms to*

1 *outlaw and punish aggressive war and the crimes of*  
2 *genocide, crimes against humanity and war crimes.*  
3 *His efforts contributed to the establishment of the*  
4 *International Criminal Court and to the recognition*  
5 *of aggression as an international crime.*

6 (10) *Ben is a tireless advocate for international*  
7 *criminal justice and the conviction that the rule of*
