## IN THE HOUSE OF REPRESENTATIVES

# RESOLUTION

Condemning Iran's unprecedented drone and missile attack  
on Israel.

Whereas, beginning on April 13, 2024, Iran for the first time ever launched a direct attack on Israel that included over 350 missiles and drones launched directly from Iran and its proxies toward Israel;

Whereas this direct attack on Israel followed: Iran-backed Hamas' massive, unprovoked attack on Israel on October 7 that killed over 1,200 people; months of cross-border attacks from Iran-backed Hezbollah into Israel from Lebanon; over 170 attacks on United States troops in the Middle East by Iran-backed militias since October; and months of Iran-backed Houthi missile and drone attacks on global shipping;

Whereas 99 percent of the projectiles fired at Israel were intercepted by Israel, the United States, the United Kingdom, France, and Jordan, minimizing casualties and other damage from this unprecedented, brazen attack by Iran;

Whereas Israel intercepted these missiles and drones using a variety of air defense systems and other defense articles, including many procured from or co-produced with the United States, demonstrating the vital importance of the United States and Israel's security partnership; and

Whereas Israel is a major non-NATO ally and Major Strategic Partner of the United States: Now, therefore, be it
