Director of Emergency Response  
NYC Small Business Services  
New York, NY

To whom this may concern;

The Nourish Spot Inc., a quick serve brick and mortar healthy food & beverage haven offers fresh organic and non organic fruit and vegetables that can be customized into natural juice blends, smoothies, salads, wraps, and Greek yogurt parfaits full of important vitamins, minerals and nutrients.

The Nourish Spot has worked directly with and in collaboration with Queens Together in the past, providing food relief within our southeast Queens, Jamaica community.

During the height of the covid19 pandemic, Queens Together funded local restaurants, like ours, to prepare meals and deliver them to those less fortunate and in need.

Queens Together also set up a food pantry leveraging USDA farm fresh produce and fed over 8K community members at pop up pantries from one end of Queens to the other.

We appreciate Jonathan Forgash and Queens Together for their grassroots approach, sharing important information, networks and resources with us.

And as a result, we make sure to share the benefits and news about Queens Together with our peer restauranteurs because working together strengthens us all!

It's been a delight and a Godsend to have Queens Together working in tandem with us to eliminate food insecurity and as an advocate to fight for us local restaurants and our employees in local, state and federal legislatures to ensure that new rules about restaurants give us a leg up and not further stress our bottom lines.

Best regards,

Dawn Kelly  
Founder & CEO
